Letter Knife—Openwork Grapes

About Beautiful Things...

Beautiful Things offers exquisite antique reproductions or adaptations of picture frames, desk, vanity and tabletop items.

Our products are made in America of Britannia pewter, (frequently called "silver pewter" because of its beautiful shine), a lead free pewter which requires virtually no polishing and will never tarnish. We are located in south Jersey and have been in existence for 20 years. We can promise you prompt service, deadline guarantees, and a willingness to work with you to help maximize your sales.

Our products are sold in museums, major department stores and boutique shops throughout the country, many longtime, repeat businesses. In addition, we can customize for surprisingly low start-up costs.
